

Student EE Project Roadmap

This document should be completed a week or so after your first phone call/meeting with the client/community partner. Your professor can assist you when completing it. Using this form to clarify what is expected of you by the organization will serve as a reference to keep your team 'on track'.

Project Overview: (as your team understands it) Date completed:

Community Partner Contact Information: (name/ phone# / email/back-up contact info)

Project Draft/Description: (notes/ main points are fine – try to relate them to the course content)

What does the Community Partner expect re: key deliverables/outcomes for your EE project?

Your professor is available to coach and assist you throughout the project.
